

JULNAR NABEEL

FRONT END DEVELOPER

+971 555713917 ✉ julna.nabeel@gmail.com [in julnar-nabeel](#) [@ julnar-nabeel](#)

TECHNICAL SKILLS

Core Technologies: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3/SCSS

UI Development: Material UI, Bootstrap, Responsive Design

State Management & Data Flow: Redux, Context API, RESTful API Integration

Development Tools: Git, VS Code, Postman, Strapi (Headless CMS), Firebase, Vercel

Form Handling & Validation: Formik, Yup

PROFESSIONAL EXPERIENCE

Front-End Developer Intern | Uppcode Software Labs, Malappuram, Kerala *March 2024 - Present*

- **Developed** a responsive admin dashboard using **Next.js**, **TypeScript**, and **Material UI** with role-based access control, improving administrative workflow.
- **Implemented** a token-based authentication system and protected routes using **JWT** for secure user access management.
- **Built** dynamic e-commerce platforms with **React.js** and **Bootstrap**, featuring product listings and cart functionality.
- **Integrated Strapi CMS** to manage product data and content, creating a scalable backend solution for content management.
- **Optimized** application performance with **Redux** state management for complex data flows and asynchronous operations.
- **Utilized Git** for version control, maintaining a clean and organized codebase, and facilitating seamless collaboration with team members.
- **Participated** in daily learning update calls simulating **Agile stand-ups** to discuss progress, challenges, and upcoming learning objectives.

Customer Technical Support Engineer | Informat Technology Center LLC, Sharjah, UAE *Sept 2011 - June 2014*

- **Managed** 200+ customer accounts, coordinating vehicle tracking device installations and configurations.
- **Configured** standard and complex tracking devices with RFID integration during team absences.
- **Conducted** software training sessions on demand and provided technical troubleshooting for clients.

KEY PROJECTS

ZenCart E-commerce Application

React.js, Bootstrap, Redux

- **Built** full-featured e-commerce platform with product listings, shopping cart, and checkout process.
- **Implemented** Redux for global state management of cart items and user authentication.

SmartSHOP E-commerce Application

Next.js, TypeScript, Bootstrap, Context API

- **Created** Next.js e-commerce app with product filtering and Strapi CMS integration.
- **Utilized** TypeScript for type safety and Context API for state management.

StoreSentry Admin Dashboard

Next.js, TypeScript, Material UI, Redux

- **Developed** admin dashboard with inventory management and role-based access control.
- **Implemented** form validation using Formik and Yup for data integrity.

EDUCATION

Bachelor of Technology in Electronics & Communication Engineering *University of Calicut, Kerala | 2007 - 2011 | First Class*
